

**DISCUSSING THE AGENDA** for yesterday's meeting of the Okanagan Valley Municipal association in Salmon Arm are from left to right Mayor N. Johnston of Enderby, the president; Reeve F. E. Atkinson of Summerland, and back row, Mayor J. E. Fitzwater of Kamloops, president of the Union of B.C. Municipalities; Alderman E. A. Titchmarsh of Penticton.

**MUTUAL PROBLEMS** between large and small communities are discussed by Councillor N. Jackson of Peachland, and Alderman Elsie MacCleave of Penticton, during the quarterly meeting of the Okanagan Valley Municipal association held at Salmon Arm yesterday.

## Joint Fruit Probe Refused By Ottawa

Federal Fisheries Minister James Sinclair indicated in Ottawa that the federal government is not prepared to investigate the Okanagan fruit industry by royal commission since it is a provincial matter. However, he added that the government will grant federal personnel to assist the industry "in presenting its case" to the provincial government.

## Vancouver To Get Steel-Rolling Mill

VANCOUVER (BUP) — A major steel mill for Vancouver soon is a "definite possibility" according to James S. Eckman, chairman of the Metropolitan Development Commission. He told a commission meeting that "the mill will probably be built by German or Japanese interests, with Canadian participation."

Another good prospect is a custom smelter to refine and smelt concentrates of copper, lead, zinc and silver from British Columbia mines, Eckman said.

## Six Korean Officers Face Murder Charge

SEOUL (UP) — Police said today six high-ranking republic of Korea army officers have been arrested for alleged implication in the assassination of army counter-intelligence chief Lt. Gen. Kim Chang Yong last January.

# Death Of Hunter Ruled By Jury As Accidental

The six-man jury inquiring into the death of George J. Stoll, West Summerland, delivered a verdict of "accidental" death before coroner Dr. W. H. White in Roselawn Funeral Home yesterday afternoon.

The verdict read as follows: "George John Stoll came to his death on Aekland Mountain, northwest of Summerland on November 19 at approximately 3 p.m. He died as result of the accidental discharge of his rifle as shown in the evidence. We would like to commend Mr. Bullock for his action following the accident. We would also like to compliment the search party for the way they organized and conducted the search."

Evidence during the 2½ hour

inquest showed that George J. Stoll and his companion had been towing a buck deer down a "slippery and rugged" slope of Aekland Mountain. The deer became stuck on a five foot high rock bluff and as the pair were tugging it down Mr. Stoll's rifle discharged.

Dr. W. H. B. Munn told the jury that the bullet had penetrated the left lung and came out the back. In his opinion death was caused by haemorrhage and "embarrassment" to breathing caused by holes in the chest.

He also felt that death had been delayed for some time. Although he felt it "very difficult" to judge, the physician was of the opinion that it might have been an hour or two before death

occurred.

Testimony of Ronald L. Cowan, 15, revealed that the group: Mr. Cowan, J. Bullock and Mr. Stoll, had left for a hunting trip about 6:30 a.m. Monday. Mr. Cowan had separated from the other two and last saw Mr. Stoll as he was climbing the mountain. Later in the day, Mr. Cowan added, he had honked their car horn, whistled and lit a fire to attract their attention since he thought them lost. Mr. Bullock told the jury that he and Mr. Stoll had covered considerable territory before Mr. Stoll shot the deer weighing between 200 and 300 pounds.

He said that the deer was

# BRITAIN PLEDGES TO WITHDRAW FORCES

## Resident Thrown 14 Feet When Hit By Motor Vehicle

A local resident was hospitalized Tuesday night after being knocked 14 feet by a car turning onto Westminster Avenue at the corner of Main Street and Westminster.

Henry W. Smith was detained in hospital for x-rays to the head and legs.

Mr. Smith was proceeding across Main Street with the green light, when a car driven by Carlo Grosso also went into the intersection and turned left, striking him.

The accident occurred about 7:15 p.m. RCMP are investigating the incident.

## Judge Allows Hotel Appeal

Monday in county court His Honor Judge M. M. Colquhoun allowed the appeal of Okanagan Falls Hotel Co. Ltd. and quashed the conviction of July 7 by which the company was fined \$1,000 and \$14.50 costs in connection with a minor entering its beer parlor.

Testimony of the minor revealed that he had visited over 30 beer parlors in B.C. and had been challenged only "two or three times."

He also told the court, during its five hours of hearing on the case, that one time he had used someone's chauffeur licence to obtain service in a beer parlor.

Appearing for the Crown was P. C. Christian. J. S. Alkins represented the appellant, Okanagan Falls Hotel Co. Ltd.

UNITED NATIONS (UP) — UN Assembly today demanded halt of deportation of Hungarians into Russian territory.

## Election May Hinge On Mid-East Session

OTTAWA — (BUP) — The behavior of opposition members of parliament at next week's special Mid-East session may have an important bearing on the date of the next federal general election, political observers said today.

Prime Minister Louis St. Laurent and his cabinet had been working with a June, 1957, election date in mind when the Middle East crisis arose. "This week in Vancouver, the prime minister's chief political strategist, Immigration Minister J. W. Pickersill, said that next June was only a "probable" date.

"The cabinet had started to build up an impressive vote-getting program for the next regular session of parliament, opening early in January, when the Middle East crisis put other things aside.

In this year's regular session, which ran from January into mid-August, the opposition pounded away relentlessly on the theme that the government should resign immediately and call a general election. The opposition pressure grew so great that even some back-bench Liberals were becoming convinced that an early election should be held.

But the government's initial handling of the Israeli-Egyptian problem consolidated its support in the Liberal party ranks. Political observers said it will depend on how effective the combined opposition can make its criticism of later events, and how effectively the government

P. F. EBAUT

HUGH CLELAND

## Two School Trustees Seeking Re-Election

Two members of Penticton Board of School Trustees — P. F. Ebraut and Hugh Cleland — whose terms of office expire next month, announced today that they will stand for re-election to the board in the December civic elections.

Mr. Ebraut, chairman of the school board, stated that he will stand for re-election. He has served three years as the board chairman.

Mr. Cleland, present chairman of the finance committee, has decided he will allow his name to stand. Mr. Cleland has served two two-year terms on the board.

Deadline for nominations to the board and to other civic offices is noon on December 6. Nominating papers may be filed at the city hall or with the returning officer R. N. Atkinson.

Earlier this week, Philip Workman of Naramata, was unanimously elected at a meeting of Naramata rural area of the school district for a position on the board.

## E. J. Hack Chosen Head Of Oliver Fruit Growers

OLIVER — Nearly 100 growers of the Oliver local BCFGA at their annual meeting last night re-elected E. J. Hack as chairman of their local.

Elected as vice-chairman was John Luthy. Secretary-treasurer is Ron Bonnett.

Delegates elected to the annual convention of the BCFGA in January were John Luthy, Don Corbushley, R. O. Hall, Jack Thorpe, and Gilbert Ebraut.

Alternates elected were W. J. Smith, Jack Coates, Jack MacDonald, A. F. Blech, Fred Tomlin, Fred Eberle and Art Osland.

Nominated to the central executive of the BCFGA were Don Sutherland and Eric Tait. For the board of governors, B.C. Tree Fruits Ltd., the meeting voted for W. Gordon Wright, H. J. Wells and F. W. Lalor.

Nominations to the B.C. Fruit Processors and to the Fruit Board were left in the hands of the local's convention delegate committee.

## Jordan Stresses Threat Of War

By BRUCE W. MUNN

United Press Staff Correspondent

UNITED NATIONS (UP) — Britain assured the general assembly today that it will withdraw its forces from Egypt as soon as the United Nations' emergency force is able "effectively and competently" to take over in the Suez Canal zone.

British foreign secretary Selwyn Lloyd made this pledge to the 79-nation assembly in the face of United States support for a demand by 21 nations of the Afro-Asian bloc calling upon Britain, France and Israel to get out of Egypt at once.

The Jordanian ambassador said if foreign troops do not withdraw immediately from Egypt there will "no doubt" be a renewal of hostilities which he emphasized could spread to "a much wider area."

Lloyd's approach was placating and reflected less obstinacy about quitting the Canal Zone than reported statements of British leaders in London.

"Much has been said about Britain's actions and motives in the Middle East and about the use of force," Lloyd told the assembly.

"I do not propose to refute all those statements in my speech today. I may do so later."

He said he understood the report on UNEF by Secretary-General Dag Hammarskjöld to the General Assembly to mean that the police force would carry out the tasks assigned it — to supervise cessation of hostilities and separate the belligerents.

"We have great confidence in the secretary-general," Lloyd said, "and we believe he and the General Assembly will see in good faith that the force is effective and competent."

"On that basis, we agreed to withdraw our forces."

Jordanian Ambassador Abdul Monem Rifal, however, insisted on immediate withdrawal of foreign forces from Egypt.

"If this condition is permitted to continue," Rifal said, "it will, no doubt, cause a renewal of hostilities which might this time spread to a much wider area — and I mean it."

"The problem is not the aggression upon Egypt but it is now also the honor of the Arab world which they have to uphold to the last."

Lloyd argued that time was required to "make command arrangements and supply arrangements" so that the UN police "will not be just a hodgepodge of military force."

"There will have to be a re-Please turn to Page 6 See: "Britain"

## Hungarians Flee Into Austria To Escape Reds

VIENNA — (UP) — Hungarians fleeing Soviet terror and the threat of Siberian concentration camps poured into Austria in ever increasing numbers today and the Austrian government appealed to the world for help.

## Year Suspension From Car Driving For Impairedness

Mary Babowski of Ollala was fined \$75 and had her driver's license suspended for one year in city court Wednesday when she pleaded guilty to a charge of impaired driving.

Magistrate H. J. Jennings levied the sentence.

The charge was laid on the accused as a result of an accident Tuesday night.

Court was told her car was proceeding on Winnipeg street and, without any headlights on, hit a vehicle turning onto the street. She did not remain at the scene of the accident, and was arrested by RCMP a short time afterwards.

The Russians were doing everything possible to stop them, but the Hungarians were braving Soviet bullets and freezing weather in their break for freedom. Many slumped to the ground suffering from cold and frostbite, their faces pinched with hunger.

Some had splashed through the icy border canals and their clothes had to be chopped from them. An 18-year-old girl walked all the way from Budapest on frost-bitten feet, each step toward freedom bringing excruciating pain. Many were drowned. Some were frozen to death.

**BIG AIRLIFTS**  
Great airlifts were flying refugees to friendly countries throughout the world, but the

**HUNGARIAN SYMPATHIZERS**, protesting Soviet actions in wartorn Hungary, parade near the United Nations headquarters in New York wearing armbands and carrying placards. Last night Hungarians poured across the Austrian border. Austrian officials said six thousand panic-stricken refugees stumped across the border, some more dead than alive from exposure to the freezing temperatures. Austria has appealed to all free nations to help take care of the sixty-six thousand Hungarians who have swamped Austria's facilities.

## AROUND TOWN

### Coffee Party Honors Bishop Of Kootenay

Rev. Philip R. Beattie, Bishop of Kootenay, and his sister Miss Beattie were guests of Rev. Canon and Mrs. A. R. Eagles at the rectory on Sunday, when his Lordship the Bishop preached at evensong in St. Saviour's Anglican Church. Following the service they were honored guests at a coffee party in the rectory when the church wardens, their wives, Alderman and Mrs. J. D. Southworth, Mr. and Mrs. D. A. Beresford and several others were among those present.

Mrs. John H. Kimball of Boston, Massachusetts, left last week to spend the winter in California after visiting in Penticton for the past four months with her son-in-law and daughter, Mr. and Mrs. C. C. Macdonald.

Mrs. S. D. Evans will return to her home at Poplar Grove on Monday after spending the past two months in Vancouver.

Dr. and Mrs. J. R. Parmley and Dr. H. P. Barr are currently in Vancouver where the two doctors are attending a three-day course of lectures.

Mrs. C. A. Hill is here from Kelowna as a guest with her son and daughter-in-law, Mr. and Mrs. L. H. Hill, and family.

A guest in this city with Mr. and Mrs. Henry Laub is the latter's mother, Mrs. G. H. Macdonald of Edmonton.

Mrs. W. Watts, 609 Eckhardt avenue east, was hostess to members of the Past Mothers' Club, Order of the Eastern Star, at their monthly meeting on Tuesday evening with president Mrs. H. G. Garrioch in the chair. Highlighting the evening was a presentation to Mrs. J. L. Palethorpe who will leave this city shortly to take up residence in London, Ontario. In giving the small farewell gift, Mrs. Garrioch expressed the regret of the members in losing such a valued member who has been very actively associated with the order here for several years. At the close of a brief business session the members participated in a very enjoyable social hour followed with the serving of delicious refreshments by the hostess.

The Ladies' Auxiliary to Branch 40 of the Canadian Legion is again appealing for the names of all local personnel serving overseas with the Canadian forces. The list must be completed immediately if these service members are to receive a Christmas parcel, Penticton's way of sending holiday greetings to those away from home during the festive season. Names may be phoned into Mrs. Ed Amos or Mrs. Walter Kernaghan, the committee in charge of this annual auxiliary gift project.

Mr. and Mrs. M. D. McNair and Mr. and Mrs. A. H. Frazer left today to motor to Spokane where they will visit for the weekend.

#### FRENCH OMELET

2 eggs  
2 tablespoons milk or cream  
Dash salt  
Dash pepper  
2 teaspoons butter  
Beat eggs until fluffy. Beat in milk or cream and salt and pepper. Melt butter in small skillet. Pour in egg mixture. Cook slowly, over low heat. As the omelet begins to set, lift slightly with a spatula to let uncooked portion flow underneath. As soon as all of mixture is set, fold; serve immediately. Makes 1 serving.

A good breakfast consisting of citrus fruit juice, hot wholegrain cereal, egg and/or bacon, with toast and hot beverage, will send the busy worker off to his job with extra vigor.

### Birthday Party Concert, Films At Valley View

Activities of particular note at Valley View Lodge the first two weeks in November included musical programs, film showing, and other pleasing events arranged for the enjoyment and entertainment of the senior guests.

Early in the month Carter Bros. sent a bus to the home to take residents to a special meeting of the Old Age Pensioners' Club in the Legion Hall.

The following day a concert of old favorites sung by Mrs. R. H. Estabrook and accompanied by Mrs. H. J. Palom, who also gave several piano solo selections, was greatly enjoyed by the lodge residents and several friends who were visiting at that time.

The Remembrance Day services on Sunday afternoon were conducted by Rev. and Mrs. J. R. Spittal of the Nazareth Church. Mrs. Spittal gave a very fine reading prior to the sermon by Mr. Spittal.

On November 13 the Penticton Film Council showed some very interesting, and amusing pictures and one of the big events of the month was the birthday supper on November 14. A special table for four residents having November anniversaries was brightly decorated with autumn foliage and leaves and centred with a lovely birthday cake.

It is planned to hold similar functions each month to commemorate the birthdays of all the residents. Special guests at the table were Mrs. Edna Brown and the lodge manager, Rev. Eric Berg.

After a year's residence at Valley View Lodge, Edward Seaford has gone to Vancouver for medical treatment. It is hoped that Mr. Seaford will be able to return by next spring or summer.

#### COOKS STILL WANT TO ADD OWN TOUCHES

NEW YORK, (UP) — One frozen foods manufacturer says the American housewife likes cooking made easy with frozen foods — but not so easy that her personal touch no longer is required.

Many packers of frozen foods fail to realize that "no woman wants quickness or ease of a quality or even interest," John N. Fulham, Jr., president of Fulham Bros., told the recent annual food editors conference.

"Women love a delightful meal," Fulham said. "But they still like to assist in its preparation. They still like to mark it with their own personal touch or trademark."

Fulham said that his company, after studying the problem of transformation of a plain dish into a main dish, had decided that women still want to DO things with foods, no matter how much advance work has been done for them by the processor.

a yellow carnation corsage. Stephen Pope of Vancouver was best man.

The mother of the groom assisted in receiving at the small reception for close friends and relatives held at the home of the bride's mother on Van Horne Street.

When the young couple left for a motor trip honeymoon to the States, the bride was charming in a powder blue suit with beige accessories. On their return they will take up residence in Kamloops. The new Mrs. Hill, who is well known locally for her activities as a Girl Guide captain, has been living in Vancouver this past year.

### Miss Dene Rowe Bride Of Ernest Hill In Pretty Autumn Rites

#### SHAPELY ANKLES

Italian shoe designer Salvatore Ferragamo says the ankles of the American woman are the shapeliest in the world. Ferragamo, who in Florence, passed out this praise during a visit to the United States, his first in nine years. He also said the American woman more than her sisters in other countries wants foot comfort above style — if she has to make the choice. Said Ferragamo — "Women in America want foot freedom... In Europe, a woman won't buy a shoe unless her toe pushes against the front."

St. Andrew's Presbyterian Church was the setting for a pretty double-ring ceremony on the afternoon of November 12 uniting in marriage Geraldene Mildred Rowe of Vancouver and Ernest Hill of Kamloops. Rev. Samuel McGladdery, B.A., B.D., was the officiating clergyman for the daughter of Mrs. Alice Rowe of this city, and C. E. Rowe of Vancouver, and the son of Mrs. Elizabeth Hill of Campbell River and the late Mr. Hill.

White velvet was chosen by the lovely bride for her princess style wedding gown fashioned in the ballerina length with below-the-elbow sleeves and cowl neckline dipping to a V in back. She wore a small white feathered hat and carried a white prayer book. Color accent to her all-white ensemble was given by a corsage of richly hued American Beauty roses.

A frock of winter green velvet designed identically to that chosen by the bride was worn by her only attendant Miss Ida Pedersen of Nanaimo as bridesmaid. Her beige hat featured a dark green and copper colored ribbon trim with the latter shade reflected in her pumps. She wore

### BP Club Commemorates Tenth Anniversary With Smorgasbord And Program

Miss Hilda Cryderman of Vernon, honorary president and organizer of the Penticton Business and Professional Women's Club, was the guest speaker at the smorgasbord supper and party held Saturday evening in the Masonic Hall to commemorate the club's tenth anniversary.

Among the fifty guests present were representatives from Princeton, Vernon and Chilliwack; Miss Ena McCallum of Port Alberni, provincial president of BP clubs; seven past presidents of the local organization; Alderman Elsie MacCleave, Miss Mickey Bell, Miss Addie Evans, Dr. E. V. Thompson, Miss Grace d'Aoust, Mrs. Juan Puddy and Miss Ruth Adams, and charter member Miss Margaret Ruid of Chilliwack.

Greetings were received from two of the club's past presidents who now reside in other centres, Miss Margaret McLeod of White Horse and Miss Joan Appleton of Chilliwack.

The current year president Miss Margaret McAstocker chaired the very enjoyable program which followed the supper hour and commenced with a delightful history of the club by the first president Alderman McCleave.

Concluding the anniversary celebrations was hilarious skit presented by several members under the supervision of Mrs. Puddy and Miss Adams. Party arrangements were by past presidents.

### St. Stephen's Setting For Autumn Ceremony

St. Stephen's Anglican Church at Summerland was the scene of a quiet wedding on November 19 when Joyce Rosemary Walterhouse, daughter of Mr. and Mrs. J. Kipps of Tully Lake, Alberta, became the bride of Thomas Ambrose Brind, son of Mrs. Fred C. Brind and the late Mr. Brind of Summerland. Rev. A. A. T. Northrup was the officiating clergyman.

The bride was charming in a softly colored blue tailored suit with pink hat and matching accessories. Her corsage was of autumn blooms.

Miss Yvonne Brind, the groom's sister, as maid of honor was attractively attired in a plaid suit, while Miss Marilyn Walterhouse, bridesmaid, wore a pretty multi-colored frock with harmonizing accessories.

John Miller was best man. A small reception followed at the home of the groom's mother.

# Als Favored To Beat Esks In Grey Cup

TORONTO—Remember the way the stock market plunged when U.S. president D. D. Eisenhower had a heart attack?

That's the way the odds are going on the Grey Cup game tomorrow with every little report on Sam Etcheverry's bruises and Jack Parker's hangnails.

Odds in Montreal made the eastern champion Alouettes five-point favorites to beat the western champion Edmonton Eskimos in Canada's biggest all-around spree plus football game.

IN TORONTO, they were three-point favorites.

The Esks, according to coach Frank (Pop) Ivy, aren't worried. They were underdogs the first two times they met in Montreal, too, and they won both times.

Injury reports say Etcheverry, known as Slinging Sam or the Denver Rifle because of the frequency and power with which he uses his throwing arm, has a bruised knee.

John (Red) O'Quinn, an end who catches most of Sam's passes has hurls. Jim Staton, a husky tackle, has a broken toe and may not even play.

ESKIMOS KEPT mum on their injuries. Jackie Parker, Canada's greatest quarterback, told re-

porters his understudy Don Getty would do the quarterbacking. He himself should set out to become Canada's greatest half-back.

But Ivy didn't commit himself as the Esks took off for Toronto from their London, Ont. training camp.

MEANWHILE, big money westerners flooded into town for the start of festivities and began looking around for bookies, bars and bedlam.

They considered: if it's windy, and the Als' air attack fails, Eskimos will win.

If it's cold, and Etcheverry's fingers are numb, Eskimos will win.

If it's rainy, and the ball is too wet to throw, Eskimos will win. If the field's good, the West's ground attack will work and Eskimos will win.

In fact, they figure Eskimos will win. But Montreal will.

## Doe Season On Tomorrow

Doe-hunting season opens tomorrow in the Similkameen electoral district — or at least in part of it.

The district includes the Penticton, Keremeos, Oliver and Osoyoos areas and the rule about shooting is:

In the area of the electoral district lying west of the western boundary of the Okanagan watershed — Nov. 28 to Dec. 2. In all other parts, Nov. 24 (tomorrow) to Dec. 2.

THE WESTERN boundary of the watershed is defined as that height of land which separates the waters flowing into the Okanagan River from the waters flowing into the Similkameen.

Bag limit for antlerless animals (which includes does and any deer less than one year old) is (a) none if you have already shot two bucks,

(b) one if you have shot one buck.

## Osoyoos Rinks Win Two Events

OSOYOOS — Osoyoos curling rinks took both ends of the International curling club's opening bonspiel here during the week.

Bill Gilchrist's RCMP crew downed Ted Mint, also of Osoyoos, 11-7 to win the A event and Les Sellers took the B event with a 9-5 win over Hec Scott of Oliver.

MAN ON THE SPOT, as well as in the crease, will be dashing Ivan McLelland, the veteran 'Vees' backstop. McLelland will be counted on to stop the powerful Vernon Canadians, who, after losing four games in a row, don't intend to let the lowly Vees walk all over them.

# Russia Takes Lead As Olympics Open

MELBOURNE — Russia forged into the lead today in the Olympic games although United States and Swedish athletes captured the bigger share of the individual gold medals.

Official team standings—no official standings are kept because the Olympics are an individual event—showed the Russians leading with 43 points and Germany second with 42½.

All but one of Germany's points were earned in the equestrian (horsemanship) events held in Stockholm last February. These count in the overall standings.

OUTSTANDING features of the day were the Canadian rowing crews' stunning upsets of the favored United States crews.

In the four-oared coxless races, Canada won its heat handily in six minutes, 36.6 seconds beating Germany and Australia. The U.S. won its heat too, but with a slow time of six minutes, 59.2 seconds.

THE EIGHT-OARED UBC Vancouver Rowing Club crew came a narrow second to a surprising Australian team which streaked over the course at six minutes, 5.8 seconds to beat Canada by a quarter-length.

Half a length behind Canada was the U.S. Yale University crew, which now has to win or come second in "repechage" or second-chance races, to qualify for the semi-finals.

Canada and Australia go directly to the semis.

YALE WAS heavily favored to take it all. U.S. crews have won the champions seven straight Olympics.

In other developments: Russia slaughtered Canada 97-19 in basketball.

High jumper Charley Dumas of the U.S. and weightlifters Chuck Vinci and Isaac Berger won three gold medals for the U.S. Dumas with a record jump of six feet, 11½ inches.

Berger also set a record in his featherweight class.

RUSSIA'S VLADIMIR Kuts won the 10,000-metre race.

Canada's tall and beautiful shot-putter Jackie MacDonald, failed to qualify.

Unofficial standings, based on 10 points for first place, five for second, and four, three, two and one in order down to sixth place, are:

Russia 43, Germany 42, Sweden 35, United States 35, Britain

23, Italy 16, Australia 12, Czechoslovakia 10, Denmark 7, Canada 7, Poland 7, Switzerland 5, Hungary 5, Korea 5, France 4, Iran 3, Japan 3, Trinidad 3, Bulgaria 2, Spain 1, ½.

# Both Hoop Teams Post Victories Over Kelowna

KELOWNA—Penticton's Kencos and Omegas both picked up wins last night in exhibition basketball games at Kelowna.

The senior B men whipped the B.A. Oilers 62-42 while the Kencos, after two straight losses to the Kelowna Teddy Bears, erupted for a narrow 37-35 victory.

WORKING TOGETHER as a unit for the first time this year, the Kencos took a 14-9 half-time lead and although outscored in the two final quarters, hung on for the win.

Veteran Miriam Dennis sank three field goals and eight foul shots to lead the way with 14 points and Joyce Turk potted seven.

For the Teddy Bears, Esther Taylor was best with 10 points and Margaret Van Santan next with eight.

Charlie Preen, the blond bomber, whipped in 27 points to lead the Omega's rout. He scored all but two of his points on field goals.

DON MASHALL netted nine points on three field goals and three foul shots and Ted Foley-Bennett eight.

Bob Butcher was best for the losers with 15 points and Bert Kane second best with 11.

Both teams will go on from Kelowna to play league games at Kamloops this weekend.

Pete Tomlin, so far as this paper knows, is the only Pentictonite off to Toronto for the Grey Cup game this weekend.

Tomlin, a ticket agent for Greyhound lines, acts during the summer as umpire for minor baseball teams and the senior Red Sox.

## WHAT ELSE IS NEW?

In Vancouver, CBC officials announced that lucky coast people will be able to see the Grey Cup football game live from Toronto on their television sets. Starts at 9 a.m. if you're at the coast.

In Seattle, Western hockey league officials made the usual announcement that Guy Fidler leads the WHL in points with 13 goals, 20 assists, in 20 games. Ray Kinasevich, also of Seattle, is next with 15 and 14.

In Frankfurt, Germany, the German ice sports association proclaimed a "freeze" on all scheduled matches between its teams and Russian teams in protest over Soviet actions in Hungary. This means, among other things, no hockey games against Russia or its satellites.

In The Hague, Netherlands, a combined team of the all-Canada Brighton Tigers from England and various Canadians studying or working in Europe beat Czechoslovakia's national hockey team 4-3 in an exhibition hockey game.

In Windsor, boxer Wilf Greaves of Edmonton scored a second round TKO over Terry Rindel of St. Paul, Minn.

In Toronto, judge Allan Fraser fined coach Jim Trimble and president Jake Gaudaur of the Hamilton Tiger-Cats \$100 and \$500 respectively for abusing the referees after the Big Four football union final, which Tiger-Cats lost to Montreal. Club will pay Gaudaur's fine.

In San Mateo, Calif., jockey Johnny Longden won the \$10,000-added Thanksgiving day handicapped at Bay Meadows aboard Gaelic Gold. Longden sets a lifetime record every time he beats home a winner.

# Vees Play Twice Against Top Teams

Some smart financier ought to corner the market on liniment sales and crying towels this weekend.

Both are going to be in heavy demand after the Vees get through with what shapes up as their toughest weekend, and the most important, so far in the Okanagan senior hockey league season.

THE SITUATION is this: Vernon Canadians have lost four straight games and now stand in danger of losing first place.

Penticton Vees, down at the bottom, are working their hearts out to get up near the sky again.

These two teams meet tonight. If Penticton wins, either Kamloops or Kelowna will take over the first-place spot from Vernon.

SO SUPPOSING they do win, which they very well can. That means Kenny MacKenzie's Chiefs, presumably by then in first place or near it, aren't going to let that position slip by them lightly.

And the Vees meet them tomorrow.

In short, Vees are the spoilers. Every win they get not only pulls them a step up the long ladder, but also ruins the fondest dreams of three other coaches in this league.

ALAN LLOYD, a youthful left wing who scored two goals against the Penticton last week, opined on the theory that if you CAN beat 'em, join 'em.

He'll be playing his first home game for the Vees tonight after leaving Kamloops. With Jim Fairburn back in the lineup after a long and costly injury, the Vees put together and one-win, one-tie streak and will be out to maintain it.

No one, says coach Hal Tarala, is on the sick list. So there should be some good games here this weekend.

## Loop Lops Referee Smith

The Okanagan senior hockey league has dropped referee Arnold Smith.

The league's directors announced after a secret session at Wednesday night's OSHL meeting in Vernon that it has been decided to go along with two referees.

The two chosen were Lloyd Gilmore of Penticton and Bill Neilson of Kelowna.

THE MEETING also decided to stick to the same scale of fines imposed for penalties that was used last season.

League directors made no mention of the hiring of Blair Peters of Kelowna, former referee-in-chief of the Western International hockey league, either immediately or in the future.

Smith's dismissal followed protests from every team in the league except Vernon that his handling of games was "incompetent."

## Swift Takes Three Honors In Two Nights

Ronnie Swift was the only consistent winner in two nights of bowling at the Bowl-A-Mor.

He took the men's high single and triple last night with scores of 385 and 781 respectively in the Thursday mixed bowling league.

Wednesday in the Commercial fivepin league he rolled 391 for the men's high single.

Otherwise, score-honors went to everyone. Randi Truber took the women's high single with 297 and Helen Richter the high triple with 593.

TEAM HIGH single, went to the Firestone squad, which rolled 1,020, and the team high triple to Joe's Shoe Clinic, with 2,801.

Wednesday, Stella Swift won the women's high single with 268 and Pat Warr the triple with 861. Peg Hunter took the men's high triple with an 824.

Best women's team in the single was Cranna's, with a total of 946, and in the triple Valley Hotel, with 2,862.

In the men's section, the top team was CPR's aggregation in the triple with a 3,209 score, and L and L signs in the single with 1,706.

SO WERE WE MELBOURNE — U.S. basketball official Lou Wilkie said today he was "shocked" that Russia pasted Canada 97-19 in the opening Olympic basketball game.

He said the Russians were fast and efficient.

GETTING SET TO CLEAN UP on the Vernon Canadians is winger Alan Lloyd, a recent convert who deserted Kamloops Chiefs for the sunnier climate of southern Penticton. Lloyd will be playing his first game for the Vees tonight.

## Carse And Lang Still Undefeated In Men's Curling League Action

Only two rinks remained undefeated in the men's curling league play after games this week.

George Lang and Bill Carse skipped their rinks to their fourth straight wins. Lanky Joe McMurray and Percy Mather each have run up strings of five wins to one loss.

In the men's league, Marj Steele's rink rolled to a sixth straight win against no losses in the 'B' division while in the 'A' division best records are held by Eileen Grove's and Mary Carberry's rinks.

EACH HAS FOUR wins and one loss.

Following is the schedule for men's club play for the coming week:

Nov. 26 — 7 p.m. — Johnson W. vs. Dunn S. 1; Watson C. vs. Schramm W. 2; Power C. vs. Reekie S. 3; Sheppard W. vs. McDonald L. 4.

9 p.m. — McMurray J. vs. Mather A. 1; Carse W. vs. Nichol C. 2; Jackson T. vs. Odell T. 3; Mather P. vs. Volden D. 4.

Nov. 27, 7 p.m. — Lang G. vs. Pauls P. 1; Hines H. vs. Guile S. 2; Cummings H. vs. McGowan J. 3; Swanson T. vs. McGillivray C. 4.

9 p.m. — McKay J. vs. Brittain J. 1; Reekie S. vs. Parmley R. 2; Koenig J. vs. Hack W. 3; Riddell W. vs. Cumberland W. 4.

Nov. 28, 7 p.m. — Sheppard W. vs. Dunn S. 1; Johnson W. vs. Schramm W. 2; Watson C. vs. Odell T. 3; Power C. vs. McDonald L. 4.

9 p.m. — Mather P. vs. Mather P. vs. Mather P.

## DEATHS

**STOLL** — Passed away suddenly Monday, November 19, 1956, George John Stoll, aged 18 years, beloved son of Mr. and Mrs. George Stoll of Summerland. Funeral services for George were conducted from St. John's Lutheran Church, Summerland, Friday, November 23rd at 2 p.m., Reverend L. A. Gabert officiated. Interment Peach Orchard Cemetery, Rosslawn Funeral Home were in charge of arrangements.

**LANG** — Passed away in the Penticton Hospital, November 21, 1956, Jessie Helen Lang, beloved wife of William Dickson Lang, of Cawston, B.C., aged 80 years. Leaving besides her husband, one son and four daughters, John Stewart Lang, Vancouver; Mrs. J. N. (Agnes) Bush, Cawston; Mrs. G. E. (Jean) Willis, Keremees; Mrs. R. C. (Lillian) Gibbs, and Mrs. E. G. (Frances) May, all of North Vancouver, and thirteen grandchildren. Funeral services will be held in the Penticton Funeral Chapel, Saturday, November 24th at 2 p.m., Reverend L. L. Schuetz officiating. Interment in the family plot, Lakeview Cemetery. R. J. Pollock and J. V. Carberry, directors.

## IN MEMORIAM

**TRAYNOR** — In loving memory of our dear dad, Mr. Thomas Traynor, who died November 23, 1953.

"Just a memory of sweet remembrance,  
Just a memory sad and true,  
Just the love and sweet devotion,  
Of the ones who think of you."  
From Janet, Tommy, Joan, June, Jean and Bonnie

**HOLDING THE HALTER** of the Shetland Pony to be awarded to some lucky winner of the local Safeway store's "name the pony contest" is Frances Hyndman, daughter of Allan Hyndman, who is caring for the horse. Safeway officials report their contest is receiving an overflowing response, particularly from young entrants. The pony is displayed outside the store in a specially constructed stall. An attendant is on hand to see that the horse is looked after. Deadline for entries into the contest is December 15.

## Unique Pony Contest Attracts Younger Set

Penticton Safeway officials report that a continuous stream of entries particularly from the younger generation have been placed in their unique "Name the Pony Contest," which expires December 15.

Centre of attraction for this competition is a six months' old bushy Shetland pony over which young aspiring horse riders beam their eyes each time it is on display.

The horse is on display between 4:30 p.m. and 8 p.m. on Fridays and 1 p.m. to 8 p.m. on Saturdays in its specially constructed stall beside the store.

When on display an attendant is present to care for the pony and see that it is not molested by youngsters.

To clear any possible misunderstanding, which may arise as to the aims of the contest, local Safeway manager Bill Mosdell states that judges have been carefully selected. When a final winner is chosen, the pony will be assured of proper care and a good home.

Safeway procured the assistance of well known horse breeder and showman Allan Hyndman past president of the Penticton Riding Club. Mr. Hyndman is caring for this horse until such time as the winner of the contest is announced.

## Israeli Troops Withdrawing

JERUSALEM (UP)—Israeli troops in the conquered Sinai Peninsula have withdrawn "up to 50 kilometers (31 miles)" the foreign office announced last night.

Spokesman Moshe Leshem did not say where the new line was located. But it was believed the withdrawal was from the "ten mile ultimatum line" set by Britain and France before they attacked Egypt.

The ultimatum called for Egyptian and Israeli forces to stay out of the Suez Canal zone and leave a 10-mile demilitarized zone on each side of the waterway.

This would mean Israeli forces were now more than 40 miles back from the canal, which forms the western boundary of the peninsula that is three times larger than Israel itself.

## Britain

Continued from Page One

relationship between the withdrawal and the arrival and functioning of the UN force," Lloyd said. "I believe that to act otherwise would bring discredit instead of credit upon the UN."

He reminded the Assembly that Britain had ordered the withdrawal of one battalion (about 800 men) from Port Said.

"I hope the members will realize the British government has asked the British people to endorse this act of faith. We believe it sincerely that we have stopped a small war from spreading into a larger war."

**WANT CANAL CLEARED**  
 While Britain is ready to get its troops out of Egypt as soon as UNEF is ready and able to take over, Lloyd said, "the major task is to get the Suez Canal cleared without delay."

"The government of the United Kingdom," Lloyd said, "formally express their full support for the efforts of the Secretary-General to organize a salvage team under the auspices of the UN."

He said British engineers had been working for several days to remove obstructions from the canal entrance at Port Said. By the end of this week, the channel would have been cleared to permit 70 percent of normal traffic at the Port Said end of the waterway, he said.

This, Lloyd explained, would permit salvage vessels to get into the canal proper to start the clearance job.

The Afro-Asian resolution was presented this morning as the assembly's first order of business in a two-session day that might carry over to tomorrow before a vote is reached.

## Molotov Undercut His Minister

LONDON (UP)—The man Soviet Deputy Premier Vyacheslav M. Molotov replaced as minister of state control has been named his deputy, radio Moscow reported today.

Molotov's appointment to the post was announced two days ago. He replaced V. G. Shavoronov who is now Deputy Minister of State Control, according to the broadcast.

British Soviet policy experts advised caution in weighing the significance of Molotov's new appointment. They said it was still too early to tell whether it constituted a promotion or a demotion for the old-guard Stalinist.

## Would A Conference Clear The Air?

VANCOUVER (BUP)—Residents of Vancouver and the lower British Columbia Mainland groped through the worst fog of the season today, with all shipping and air traffic at a complete standstill.

Fog worse than yesterday's shrouded city streets, with traffic lights barely visible across intersections. Police issued radio appeals to work bound motorists to leave early and drive slowly.

No ships had moved since 6:30 p.m. Thursday and Sea Island Airport had been shut down at

can reply, whether or not the hints of disgruntlement among back-benchers have been permanently overcome.

### POINTS OF CRITICISM

The points of criticism are expected to be more on details than on the broad subject of Canada contributing to the United Nations emergency force in an effort to prevent the Middle East war—now at a shaky cease-fire basis—now spreading into a world conflict. The broad objective will win unanimous support.

Chief criticism will be the confusion which arose in the government's initial decision to contribute a rifle battalion to the UN, and the later discovery that it was not immediately wanted. This discovery was not made until nearly 1,000 men had been flown from Calgary to Halifax in full marching order, without embarkation leave, nor until the aircraft carrier Magnificent was stripped of her flying gear and converted to a troopship, complete with bunks welded in place in her aircraft hangars.

A London report yesterday suggested that Canada may be asked to supply reconnaissance aircraft and crews to do patrol work for the UN along the Israeli-Egyptian borders, in the Sinai desert, and along the Suez canal.

This report, of which official defense headquarters spokesmen said they knew nothing, caused embarrassment here. The only aircraft suitable for such work are the navy's planes normally based on the Magnificent. To send her to the Middle East for this work would necessitate overtime work to undo all the troopship make-over work that was undertaken 10 days ago.

## Hungarians

Continued from Page One

need was for trains to take the thousands to nations better prepared to handle their needs.

Bruno Kreisky, undersecretary in the Austrian foreign office, told a news conference yesterday, "we call on all democratic nations to speed up help without setting any conditions." He said the flow of refugees was creating an "alarming situation."

Rep. Francis E. Walter (D-PA) said before leaving for Washington that he would bring pressure on the United States government to take in as many refugees as possible by the end of the year. He urged again that up to 17,000 be given new homes and lives in America.

Walter spent four days in Vienna studying the refugee emergency at first hand.

The Russians were doing many things to stop the flow of refugees. They blew up bridges over frontier canals and the refugees splashed and swam their way to freedom. The Russians set up armed guards and the refugees dodged around them under the cover of night.

"There is no sign that the stream of refugees will get smaller," Kreisky said. "The fear of deportation is becoming constantly greater among Hungarians. I must speak frankly. We do not have the technical facilities to handle this situation which has been made even more acute by the present cold wave."

## Another Revolution Nipped In Bud

BUENOS AIRES (UP)—President Pedro E. Aramburu appeared today to have successfully put down two separate threats to his regime by prominent army officers.

Two generals were arrested on suspicion of plotting against the government. Four top army leaders were fired for policy reasons. There were indications that the shakeup may reach into Aramburu's own political family. Aramburu, in a radio broadcast last night, said "some people around me are trying to take advantage of the situation" by stirring up inter-service rivalry.

A government communiqué announced the arrest of Generals Leon Bengion and Juan Jose Uranga outside of the Palermo army barracks in a dawn raid yesterday. Both officers were armed when seized by a military patrol with a number of other persons, including civilians, in vehicles parked outside the barracks.

OTTAWA (BUP)—The nation's capital has a new mayor-elect today — optician George Nelms.

4:30 p.m. Thursday, The airport at Abbotsford, used when Vancouver's strip is fogged in, was also blanketed and closed down shortly after Sea Island.

A wide range of municipal problems was dealt with at the quarterly meeting of the Okanagan Valley Municipal association in Salmon Arm yesterday.

Delegates from practically every organized community in the area attended the function. Resolutions covering hospital associations, trade licensing for credit unions, zoning, and the 1958 centennial celebrations were all on the day's agenda.

In addition, Reeve F. E. Atkinson of Summerland gave the group an account of this year's Canadian Federation of Mayors and Municipalities convention, as the Okanagan delegate.

Penticton representatives attending the conference included Mayor C. Oscar Matson; Aldermen Elsie MacCleave, E. A. Titchmarsh, F. P. McPherson, J. D. Southworth, and city clerk H. G. Andrew. S. A. Cornock, city assessor, George Corbin, building inspector, and K. C. Gurney, plumbing inspector attended sessions of their own departmental groups, which are run concurrently with the main gathering in separate halls.

Delegates were presented with cellophane bags of potatoes grown on the same plot from which Mr. and Mrs. F. S. Pincoy of Salmon Arm grew the world top prize winning potatoes this year. A joint luncheon was served the two groups, elected and salaried, in the Salmon Arm Women's Institute hall.

Welcome to the visitors was extended jointly by Mayor Victor Nancollas of Salmon Arm city, and Reeve E. C. Turner of the District Municipality of Salmon Arm.

Encouragement that national attention is being focussed on municipal problems, and in particular on some resolutions forwarded by Penticton and other Okanagan communities, was conveyed in the address given by Summerland's Reeve Atkinson.

Pressure is to be brought by the Federation of Mayors and Municipalities upon the federal government to have all federal bodies, and crown corporations pay municipal taxes or else to make grants of equal amounts, Mr. Atkinson said. This move will mean that post offices, armories, income tax offices and similar institutions would be carrying their fair share of municipal levies, it was stated.

**FINANCIAL PROBLEMS**  
 Efforts to bring about a re-institution of the old "two percent money" extended by the federal government some years ago are

## Inquest

Continued from Page One

towed until a "rock bluff or windfall" was encountered and "that's when everything happened." Mr. Bullock recalled that his companion cried "I'm shot."

The jury heard that Mr. Bullock carried his companion to a clearing about 50 feet away from the site of the accident, and fired three shots. Snow in the area was between six and eight inches deep.

"I lit a fire and stayed with him because I knew he was very badly hurt," Mr. Bullock explained.

After making the youth comfortable he then set out to seek assistance. Hiking was very rugged, and realizing he was not making much headway, Mr. Bullock tried to return to the campfire and the youth.

However, the direction was lost and after continual attempts to return Mr. Bullock decided to make his way down the mountain.

Sometime later he arrived at the Dunsdon cabin.

Art Dunsdon told the jury that Mr. Bullock "stumbled into the doorway in a very exhausted condition . . . and his feet were like blocks of ice."

Also in the cabin at the time were Mr. Dunsdon's brother Jack and Harold Richardson. Art and Harold journeyed into Summerland to report the incident to the RCMP, while Jack administered aid to Mr. Bullock.

Art Dunsdon told the jury that as a result of Mr. Bullock's explanation he was able to "pinpoint very close" the youth's location when leading the search party.

A search party of eight set out from the cabin at 1:30 a.m. and found the body at about 4:30 a.m. Tuesday, according to RCMP testimony.

Art Dunsdon said there was a slight snow covering in the area which he termed "very slippery and very steep". In his opinion it was "very treacherous" territory.

Cecil Wade was jury foreman.

### Gov't Employees To Get Five Day Christmas Holiday

VICTORIA, (BUP) — B.C. government employees this year enjoy the longest Christmas holiday they have ever had. They will receive a straight five-day vacation, with provincial government offices closed from Friday night, December 31, to Thursday morning, December 27. The five-day holiday results from the government's decision not to work Christmas eve, which this year is a Monday.

### Stockholm at Sea Again

Sporting a new bow and coat of paint, the Swedish-American liner Stockholm heads out of N.Y. on a trial run. It was the first trip out of dry dock for the motorship. It lost its bow in a collision with the sunken liner Andrea Doria last July.

## Health Board To Study Meat Inspection Need

SUMMERLAND — Investigation of the need for meat inspection in the South Okanagan Health Unit area will be undertaken it was decided at the fourth quarterly meeting of the board held Wednesday in the municipal hall at West Summerland.

Areas within the health unit which have not endorsed meat inspection at present are: Penticton, Oliver and Peachland.

Discussion prior to resolution showed the difficulties involved with small producers, including the cost of meat inspection. The cost should be less for locally produced meat to be inspected than to import inspected meat, it was stated.

Dr. D. A. Clarke, medical director of the Health Unit, reported on the meeting of unit representatives held in conjunction with the fall meeting of the UBCM in Penticton. Dr. J. A. Taylor and Dr. Larson, directors of the department of health, were present. Dr. Clarke said the provincial organization of union boards of health was endorsed. There was a useful exchange of ideas between health units, he said. A suggested constitution will be drafted before the next UBCM meeting.

Mrs. Dorothy Slaughter, consultant to the public health nursing service, Vancouver, was introduced at the health unit

board meeting. She spoke briefly on the new family folder system of filing now in use by public health nurses.

She told of the pre-natal program, undertaken with the approval of the family doctor in order to supplement his work, and to help clarify and interpret his instructions.

The inclusion of fathers in the pre-natal program was mentioned, and the fact that public health nurses are equipped to conduct classes for small groups to give pre-natal training.

New business on the program included "handwashing in food establishments in unorganized territory" for which it is difficult to implement legislation.

A resolution formulated by G. Alington, Penticton representative, that the medical health officer be authorized to make a survey of handling facilities now available, was passed.

**CHLORINATION**  
The cost of chlorination of drinking water supplies was claimed to be relatively cheap, and it was cited that at West Summerland one million gallons of water is chlorinated yearly (1955) at a cost of \$1,000. F. McDonald, Oliver said that the expense was considered too great in his area. The opinion was expressed that the man on the street thinks that since there is

no increase in illness in the past 50 years, there should be no need for chlorination, and that general approval of a widespread chlorination program can only come about when informed public asks for it.

Dr. Clarke's quarterly report showed that plans have been prepared for a large sewage lagoon treatment plant to serve a great part of the city of Penticton. The method of treatment requires 10 acres of land for each 1,000 population served, Dr. Clarke said.

At Summerland Dr. Clarke reported that Barkwills cannery has installed in-plant chlorination in order to maintain their high standards. He said this is most effective in cutting down bacterial and fungus growth in the plant.

Present at the meeting were Dr. D. A. Clarke, Miss Janet Palister, PHN, director of nursing service for the unit, Kelowna; Miss Betty Ferries, PHN, Summerland; Mrs. Dorothy Slaughter, Vancouver; chairman councillor Ivor Jackson, Peachland; Councillor J. R. Butler, Trustee T. S. Manning, Summerland; Mrs. M. McFetridge, trustee, Kelowna; Mr. Suddaby, Glenmore; G. Alington, Penticton; H. Alinson, Mr. Kennelly, government agent, Princeton; Mrs. R. P. Clarke, Mrs. Fred Peck, Kere-meos; H. Carter, F. McDonald, Oliver.

## Gov'ts Agree On Route Of Highway Extension

OTTAWA, (BUP) — Federal and British Columbia government authorities have agreed on the route the Trans-Canada highway will take in and out of Vancouver.

The route will run through Federal Fisheries Minister James Sinclair's riding of Coast-Capilano. His disclosure of the agreement sparked a blast from British Columbia Premier W. A. C. Bennett of "cheap political maneuvering."

The plan involves extension of the trans-Canada highway across Vancouver harbor and the cost of the project will be an estimated \$20 million. The federal government will share the cost of a new bridge across the Fraser river and will also help to pay for a bridge being built by the provincial government from Vancouver to North Vancouver.

All costs will be split 50-50 by the two governments, it was understood.

The disclosure by Sinclair indicated that he had dreamed up the plan for the T-C Vancouver route and then had been able to convince his cabinet colleagues of its workability. Bennett, on the other hand, insisted that the whole idea had been set forth by him in information he had given cabinet ministers here earlier this week. The B.C. Premier arrived here at the beginning of the week.

Bennett saw federal leaders at a number of private meetings. Sinclair did not attend any of

### Frank Thorogood builds for the future

In 43 years, foreman carpenter Frank Thorogood has seen many improvements in building methods.

"Power tools, pre-fabricated sections and the use of new structural materials make all the difference," says Mr. Thorogood. "Developments like these have simplified our work — and make for stronger, more fire-resistant buildings."

In building for the future, Mr. Thorogood has enjoyed still another advantage — through the wider range of financial protection he can give his family because of modern developments in life insurance.

Life insurance gives today's families many new benefits. It not only affords them financial protection that is more flexible, but can also provide money for the children's education, for safeguarding the home mortgage, for arranging retirement income and for other purposes.

In these and other ways, the life insurance companies have progressed with the times ... meeting the needs of people in all walks of life.

Life insurance companies are a major source of mortgage funds for Canadian families — last year they invested four hundred and sixty-five million dollars in this way.

THE LIFE INSURANCE COMPANIES IN CANADA

### One Man's Opinion

## City Boosters: They're Wonderful

BY HOWARD PATTON

May I publicly absolve the Rev. Samuel McGladdery from any implications of employing his pulpit to Penticton propaganda.

Such charges may arise from Mr. McGladdery's remarks last Sunday on "Church of the Air," a nation-wide CBC radio program.

The reverend gentleman described Penticton's beauty in glowing phrases that made this professional propagandist wish he also kissed the Blarney Stone.

I would be proud to be guilty of collusion in sneaking such lavish praise into the pulpit. In fact, I wonder if I haven't been overlooking a good bet. Parsons are the perfect public relations men.

No wonder Chase won the award this year for the most outstanding Board of Trade in B.C. Their president is a man of the cloth. And a clergyman doubles as secretary for the Penticton Board of Trade. The Penticton Board of Trade hasn't a clergyman on the roster.

But to get back to clearing the good name of Mr. McGladdery, I swear he was subjected to no subversive influences from the Tourist Bureau. In telling Canada's church-radio audience about God's gifts to Penticton he merely spoke the truth of his convictions.

**"MEETING OF WATERS"**  
His only collaboration was with a fellow Irishman, 18th-century poet Thomas Moore, whom he quoted in these lines from "The Meeting of the Waters":

"There is not in the wide world A valley so sweet As that vale in whose bosom The bright waters meet."

I am sure that even Irishman Moore would forgive Irishman

McGladdery the treason of applying these words to a Canadian scene. The reference to Penticton is so perfect. Does Penticton not mean, "the meeting of the waters"?

That Mr. McGladdery spoke only the plain truth is proven by the back-handed compliment from a local Penticton critic who wrote me this week: "Haven't we some of the highest taxes and electricity rates, poorest water system, fewest sidewalks, most unserviceable bus service? Don't we have the most parks least used, and pay the highest milk prices? Pray tell me why else would we live here but for the climate and the scenery?"

**CRITICS LOVE CITY**  
Even our severest critics love Penticton, bless them.

It's wonderful the way everyone is a Penticton booster. This week a man from Calgary came in to talk over business prospects.

Said he, "I've spoken to ten people this afternoon and every one is a Penticton booster. We try to develop that spirit in Calgary, but you're away ahead of us."

Ahead of Calgary! — Almost as great a compliment as the pulpit praise of Mr. McGladdery. And it has far-reaching effects.

From Somerset, England, an airgraph in this week's mail said: "Our family is emigrating to Canada and our choice is Penticton."

This selection was made as the result of information they received from a friend in England who is a sister of a resident of Victoria.

Closer to home, but still surprisingly far away, this introduction in a letter from Dryden, Ont., "Your city has been recommended to me as an anxious to place families in industry."

**"SPREADING THE GOSPEL"**  
Also in this week's mail a request for local information from a clergyman in Milwaukee, Wisconsin ... No, it's not what you are thinking. The letter was writ-

ten three days before Mr. McGladdery's broadcast. Someone else must have been spreading the gospel.

Whether it springs from the honest love of Penticton as expressed by Mr. McGladdery, or from a housewife complaining about the price of milk, or from the businessman talking to a stranger in town ... That Penticton booster spirit! It's wonderful!

## Valley Group Endorses Hospital District Plan

Full endorsement of the idea of hospital districts, similar to the existing school districts, was forthcoming at the quarterly meeting of the Okanagan Valley Municipal Association in Salmon Arm yesterday.

Better service and greater economies will be possible through this change, it was stated.

Alderman A. Jackson of Kelowna, and Councillor J. Hill of Coldstream municipality outlined the present position and future possibility of the move. Alderman Jackson said that existing legislation is so unwieldy that it is almost impossible for a board to start the scheme.

To bring about a district under the present plan, it was pointed out, a board must hold meetings in each of the areas to be served, must get a petition signed separately in each area before any further stages are possible.

Alderman Jackson said that the city of Nelson had tried it and spent between \$5,000 and \$10,000 before it was finished. A roundabout procedure through the "Water Act" seems to be the only existing avenue for the move where desired, he said.

The resolution unanimously endorsed points out that hospital districts are an urgent necessity, and could readily prove as successful as the present school districts. It further states that the valley association will press through the UBCM for the provincial government to enact legislation whereby the government will define and form hospital districts to provide only for the capital construction and expansion of hospitals where the need for them is established.

Speaking to the idea, Council-

lor J. Hill of Coldstream said "We in Coldstream want to contribute something beside broken bodies to the Vernon Jubilee Hospital, but at the present time, and until legislation such as this is passed, we cannot do so."

## Poor Lighting Cause Of Death

One-fourth of all fatal home accidents occur in the bedroom, and a main reason is poor lighting, says the American Home Lighting Institute.

"The kitchen has more activity and more accident potential but is generally well-lighted. The tragedy of the bedroom is that not only isn't there enough light, but most of the time it isn't within easy reach," the institute reported.

In most bedrooms, the common failing is using one or two skimpy dresser lamps to do a job that calls for adequate ceiling and wall fixtures. For this reason, installation of bedroom ceiling fixtures represents an important factor in many 1956 home improvement plans.

For safety's sake, the fixture should be controlled by a wall switch at the entrance to the bedroom, and also by one near the bed, so you can turn the light on when you get up.

## Peachland Notes

Pink and white streamers, wedding bells and chrysanthemums formed the setting last Thursday evening in the Municipal hall when a large number of ladies gathered to honor Miss Dorothy Anne Long at a bridal shower prior to her marriage on November 24 to Mr. Fredrick Martinuk. The many and varied gifts were piled high in a pink and white box with the over-flow hidden under a pink and white umbrella. The guest of honor was assisted in the unwrapping of gifts by her mother Mrs. George E. Long, her aunt Mrs. J. P. Long, and her sister Mrs. W. Knudson of Kelowna. Miss Karen Cousins presented a corsage of white and yellow chrysanthemums to Miss Long at the conclusion of the unwrapping of gifts.

The Peachland Ladies' Curling club held their regular meeting on Wednesday, November 14. President Mrs. George Smith and

## B.C. Requires 1,700 New Teachers By 1957 Says Minister

VICTORIA, (BUP) — Education Minister Leslie Peterson says P.C. will require 1,700 new teachers in 1957 and will probably have to recruit half of them outside the province.

"Experience shows that teachers graduating in this province fill only 50 per cent of the teacher vacancies in our schools," Peterson said in Victoria.

He says the provincial government hopes to obtain more teachers from Britain next year. It plans to send William Gray, retired municipal inspector from Vancouver, to London in January to interview teachers who wish to move to B.C.

secretary Mrs. C. W. Aitkens presented their resignations. Mrs. Pete Spackman was appointed president and Mrs. M. Ferguson secretary for the coming season. Four rinks will be curling before Christmas this year. Mrs. George Topham and Mrs. Harry Ibbotson will be in charge of draws for the coming season. Mrs. C. O. Whinton will be zone representative for the coming season.

Mrs. Fred Topham Sr. is in hospital at Summerland.

In hospital at Kelowna are Jack Adams, Tom Coldham, Mrs. Z. Witt, Mrs. E. Young and L. B. Fulk.

Mr. Nicholls and family have moved to Kelowna to reside.

## Defends Policy Of Anti-Conscription

OTTAWA, (BUP) — Defense Minister Ralph Campney last night defended the government's anti-conscription armed services policy with a claim that it was giving Canada a "truly professional force."

"From recent events," Campney said, "it is, in my view, abundantly clear that this policy has proved itself to be the most effective and economical that we could devise."

He said the "voluntary approach" to recruiting undoubtedly had proved "sound, sensible and successful in bringing forward those most willing to serve, and in the numbers to meet our defense commitments."

A fire extinguisher in the home should be one that will smother grease fires, because most fires originate in the kitchen.

## Mail Truck Plan Underscored By Osoyoos Board

Urgent need of a mail truck that can sort mail en route was scored at the quarterly meeting of the Associated Boards of Trade of the Southern Interior, Wednesday in Penticton.

Osoyoos board members stated that it often takes two days for a letter from Osoyoos to reach Kelowna under the present scheme.

The matter was brought up by C. E. LePoidevin of Osoyoos, who said that letters apparently go from Osoyoos to Vancouver for sorting, then are re-despatched to the Okanagan. W. C. Pearson of Oliver and Lorne Perry of Summerland, spoke on the problem.

Mr. Pearson said that a similar situation recently existed north of Wenatchee in Washington state, and had been solved by use of a sortation-en-route type truck.

Mr. Perry pointed out that Summerland had been pressing for a plan of this type. He added that O. L. Jones, M.P. for Okanagan-Boundary, had reported that tenders for a courier service had been or were to be called.

C. E. R. Bazett, president of the Kelowna board, said they had been seeking extension of air-mail service throughout the Okanagan. Much of the problem of getting mail from Vancouver, which frequently required two days, is due to sortation requirements at the coast, he said. A large quantity of outbound mail is loaded into the Vancouver post office at the end of each business day and must be sorted before despatch. This job takes considerable time, he said, and as a result, the trains eastbound are missed.

The association agreed to study this problem and endeavor to obtain a solution.

## Osoyoos Board Seeks Canadian Airstrip Site

There will be no international airstrip at Osoyoos customs port, it was reported by C. E. LePoidevin of Osoyoos, to the Associated Boards of Trade of the Southern Interior on Wednesday night.

He stated that continued effort to obtain a field wholly within Canada was proceeding and asked the co-operation of the association in the endeavor.

The Osoyoos board member said that the Department of Customs and Excise had raised strenuous objections to the international airport idea. They based their opposition on the allegation that it would be difficult to determine on which side of the actual border a plane landed. They also said that it might pave the way to smuggling.

The Osoyoos board is continuing its effort to obtain a strip, completely on the Canadian side. However, the Department of Transport had intimated that such a strip would only be a small one, he said.

Mr. LePoidevin pointed out that this strip would, in the opinion of the board, be sufficient for the potential traffic. Cost would be high, owing to the price sought by owners of land that is considered suitable for the field. He placed the amount involved at between \$100,000 and \$150,000.

"It is very discouraging," said Mr. LePoidevin adding that the Osoyoos board will continue their efforts, despite the setbacks.

VANCOUVER, (BUP) — A middle-aged widow died yesterday from burns received when fire roared through her suite in a large West End Vancouver apartment block late Wednesday.

Mrs. Nancy Wickert, 55, was dragged from filled living room by Fire Captain Jack Gray of No. 6 fire hall after two tenants had battered open her door and vainly tried to find her in the thick fumes. She died in St. Paul's hospital.

The 80 residents of the 40-suite block at 955 Thurlow were forced from the building by the smoke, many of them in night attire.

Ladders should be protected against the elements and changes in humidity. Paint, however, tends to hide cracks and other danger signals. The best covering is three coats of boiled linseed oil, brushed on each season. Clear varnish or lacquer may be used.

Wood won't split when you run screws into it if you first bore pilot holes for the screws. For small screws in soft woods, use a bradawl. For tougher materials a hand or push drill does a quick job. Screw bits drill the pilot hole and counter-sink it at the same time.

# Fruit Canners Pay More, Growers' Returns Down

## Naramata

Currently visiting at the home of Mr. and Mrs. Marlin Johnson is the former's mother, Mrs. M. Johnson, who is en route to her home at Vancouver after visiting in Scotland since July.

Mrs. G. P. Tinker and Mrs. Nelson Hewitt spent a few days last week visiting in Spokane.

The Misses Joyce and Rosemary Partridge were here from Vancouver to spend the weekend with their parents, Mr. and Mrs. H. A. Partridge.

Mr. and Mrs. G. C. Naylor and small daughter have left Naramata and have taken up residence in Penticton.

Miss Helen McDougall, secretary at the Christian Leadership Training School, was a weekend visitor in Grindrod.

Naramata Girl Guides and Brownies attended the Remembrance Day services held in St. Peter's Anglican Church on November 11. Accompanying them were Guide captain Mrs. Donald Furner and Brown Owl Mrs. Philip Workman.

Five students from the Leadership Training School were in Kelowna last Sunday to participate in the morning services at the Mission Road United Church. In the group were Miss Cecily Goss, Gordon Driver, Bill Green, Miss Nell Veale and Miss Lily Kabayama.

Among several new residents in Naramata are Mr. and Mrs. Thomas Eggeson and three children from Maldstone, Saskatchewan. Mrs. Eggeson and Mrs. O. to Motz are sisters.

A three-weeks' hunting trip in the Cariboo was very successful for a group of Naramata residents. Philip Workman, his son Philip, and Walter O. Workman, each brought home a moose when they returned home during the weekend. Accompanying them on the hunting trip was Robert Workman of Tule Lake, California, who also bagged a moose. While the group was away, Mrs. Robert Workman and three children were guests with Mrs. Philip Workman and Mrs. Workman, Sr.

Mr. and Mrs. J. E. Cooper and Miss Harriet Cooper, former residents of Naramata, have returned here to reside after spending the past several years in Vancouver.

The Canned Foods Association of B.C. at its fall meeting recently in Penticton, was asked for a statement with respect to its position in the fruit industry and the current wave of discussion regarding growers' returns.

The statement is as follows: The canners deplore the adverse growing conditions of the past few years which have caused hardships to many growers. They also regret the unsatisfactory returns to growers.

The fruit industry of the Okanagan is an extremely important part of the economy of British Columbia and it is quite evident that the fruit growers are

not receiving returns commensurate with their efforts. The canners realize that the success of the canning industry is dependent upon the prosperity of the grower. He must receive an adequate return if he is to continue growing fruit and further develop the fruit industry in this province.

Much of the present discussion and dissatisfaction is directed to the returns on apples. In that connection it will be of interest to note the prices paid FOB packing house for Cee Grade apples by the canners in the years 1951-1956 inclusive.

Year	McIntosh per ton	Jonathan per ton	Romes per ton	Culls per ton
1951	35.00	40.00	10.00	
1952	40.00	40.00	10.00	
1953	37.50	65.00	75.00	15.00
1954	42.50		75.00	30.00
1955	42.50	(45.00)	65.00	20.00
		(50.00)		
		(42.50)		
1956	47.50	70.00	85.00	40.00

Using 50 boxes to the ton and 40 lbs net per box as a basis, the box price for 1956 would be — McIntosh 95 cents, Jonathan \$1.40, Romes \$1.70 and Non Commercial or Culls was 80 cents.

Dissatisfaction has also been expressed by growers on their returns for other fruits. Following are some representative figures showing what the canner paid and what the grower received on four different fruits, over a period of six years. As previously explained, the actual grower return could vary very slightly from district to district in the Okanagan. These figures are informative and it is hoped they will be of assistance to growers in determining their position.

First figure is price paid by canner for No. fruit; second is what the grower received.

APRICOTS			
1951	\$165.00	\$170.50	
1952	95.00	68.95	
1953	110.00	101.00	
1954	145.00	127.00	
1955	100.00	80.00	
1956	180.00	106.00	
PEACHES			
1951	100.00	113.50	
1952	82.50	62.35	
1953	80.00	77.20	
1954	87.50	82.50	
1955	100.00	81.38	
1956	120.00	91.60	
BARTLETTS			
1951	130.00	80.40	
1952	85.00	82.90	
1953	95.00	91.00	
1954	95.00	79.81	
1955	85.00		
1956	115.00		
PRUNES			
1951	65.00	61.10	
1952	50.00	11.15	
1953	50.00	42.40	
1954	60.00	60.00	
1955	60.00	34.50	

It is apparent from the above figures that during the last six years the canners have been paying more for fruit while, at the same time the net return to the grower has been decreasing.

In the 1956 season just past, B.C. canners have paid the following prices:

Cherries ..... 21 per pound  
Apricots ..... \$180.00 per ton  
Pears 115.00 per ton for Bartlett's  
Prunes ..... 80.00 per ton  
Apples .... 70.00 per ton for Jonathan; 85.00 per ton for Rome Beauty.

It is no exaggeration to say that these prices are the highest on the North American continent. The canner is the first and closest market for the grower and usually the most profitable. That outlet should be utilized to its fullest capacity.

When a private company finds itself in difficulty it calls in outside expert help to make recommendations. A Royal Commission investigation would likely be helpful. The fruit canners would be glad to co-operate to the fullest extent in providing information about the canning industry.

**TB DETECTION**  
Tuberculosis may start without warning and without regard to age, sex or class. The most important aid to complete cure is early discovery and treatment, which can be assured by having regular chest x-ray examination.

Canada's winters are cold but the bracing air is healthy. Everyone, even elderly people, should endeavor to spend some time out of doors every day.

## Record Shipment Of N.S. Apples Sent To Britain

HALIFAX—(BUP)—The biggest single shipment of Nova Scotia apples since the war head-

ed for the United Kingdom this week.

Some 46 thousand boxes of Annapolis Valley apples were loaded aboard the British-owned Furness Warren liner "Nova Scotia" last night.

The vessel sailed immediately for Saint John's, Newfoundland, and Liverpool, England. Another shipment of 25 thousand boxes

is expected to be made on the Furness Warren liner "Newfoundland" in a few weeks.

About 95 percent of the shipment represents products of the United Fruit companies of Kentville, Nova Scotia, controlling about 55 percent of the entire valley crop.

THE PENTICTON HERALD, Fri., Nov. 23, 1956

Liver, beef, tongue, kidney and heart are rich in iron and for those who need more of this mineral in their diet these meats will help to supply the need.

Second hand electrical wire should never be used in a new installation.

Ear trouble may be caused by violent blowing of the nose, coughing or sneezing, which may drive infection from the throat into the ear. Any sign of impairment of the hearing or discharge from the ears should have medical attention.

## Civil Defence Urged For Church Members

"Civil Defense is church business," declared Miss Maybelle Vandermark of Washington, D.C., associate director of the health and welfare services of the general conference of Seventh-Day Adventists, speaking at a recent meeting of the Okanagan Dorcas Welfare Federation held at Rutland.

"Christians everywhere must accept the responsibility for meeting human need," she stated, "and through continuous and emergency services, church members have opportunity to demonstrate the real meaning of the Gospel."

Miss Vandermark, who is also a member of the U.S. National Women's advisory committee for civil defense, is visiting all the provinces of Canada in the interest and welfare services of the Seventh-Day Adventist Church.

"Each person as a church member and citizen," she said in Rutland, "should learn to help himself and others for times of disaster and getting instruction in Red Cross, St. John's Ambulance and other civil defence courses."

During the past two years the Seventh-Day Adventist Church, she said has trained 19,695 members in first, 9960 instructors and 116 instructor-trainers.

The ten member societies of the Okanagan Dorcas Welfare Federation reported at the Rutland meeting on their activities for the nine months of this year. Mrs. C. S. Lamb, leader of the Penticton Dorcas Welfare Society, reported 2,345 articles of clothing and bedding given away.

R. A. Hubley, pastor of the local Seventh-Day Adventist Church, stated that the members of the Penticton Dorcas Welfare Society are shaping plans to accomplish a more effective program in this humanitarian service.

## World Church News

Evangelism is now regarded not as an extra task but as of the very essence of the church, was the declaration of Dr. P. P. W. Ziemann, acting chairman, at the biennial meeting of the Canadian Council of Churches last week in Kitchener, Ont.

"There is," Dr. Ziemann said, "increased participation by both laymen and clergy in prayer, in training and witness for evangelism."

He said that the Council's Department of Evangelism's role is to assist the various Communions and to provide means for joint consultation and point action.

An interesting part of Dr. Ziemann's report was that concerning a study made by a commission on the Christian Approach to the Jewish people.

He said: "We would urge the Council to draw the attention of the churches to their responsibilities for a Christian approach to the Jewish people on the parish level."

Churches have been told that they should help find ways and means to assist low-income families in their search for proper housing.

This was advocated by Reverend Fred N. Poulton, before the biennial meeting of the Canadian council of churches. The council's social relations secretary said that good housing is still beyond the reach of many Canadian families.

## Special Meeting This Monday Of Alcohol Council

A special meeting of the Alcohol Research Council is slated this Monday evening in Church of the Nazarene, Ellis Street and Eckhardt Avenue, at 8 p.m.

Rev. E. E. Berg, manager of Valley View Lodge, will be guest speaker for the occasion.

Mr. Berg is well informed and

will give interesting facts on the seriousness of the alcohol question.

The public is invited to attend this special service.

Recent facts prepared by the B.C. Alcohol Research Council show that there are 20,000 alcoholics in British Columbia.

According to information of the Vancouver police more than 50 per cent of arrests result from intoxication and impairment of the accused, and more than half the cases handled by the family court are attributable to alcohol.

On the other hand, British evangelist Bryan Green, addressing a Montreal service club this week called for a worldwide "moral" awakening, which he said would help solve the world's troubles in general and the Suez in particular.

Canon Green, Britain's counterpart of Billy Graham, said the lives of people and nations can be transformed by recognizing that "great moral issues" are involved in their decisions and actions.

He urged that the Israelis should consider the morality of their treatment of Arab refugees, the Egyptians the morality of their action in closing the Suez Canal, and the Americans of their "oil diplomacy" which he said has led to strife and bloodshed in the Middle East.

He said that the Israelis should consider the morality of their treatment of Arab refugees, the Egyptians the morality of their action in closing the Suez Canal, and the Americans of their "oil diplomacy" which he said has led to strife and bloodshed in the Middle East.

## Coast Mission Launches Finance Drive For Needy

Annual finance drive of the Central City Mission in Vancouver is under way.

This mission, operating for almost 50 years, has stood as a beacon-light to the destitute, frustrated and needy. The Central City Mission serves not only Vancouver but all of Canada as the men helped come all over

the province and the dominion.

Slogan of the mission, which is interdenominational, is "where derelicts become dividends."

The rehabilitation centre is entirely dependent on goodwill offerings. Donations to the annual finance drive of the mission, which started November 15, can be sent to "Central City Mission," 233 Abbott Street, Vancouver 4.

Instances of the mission's service to those unfortunate and defeated are countless.

During 1955 over \$7,000 beds were provided for destitute men; 24,524 hot lunches were served

free to those victims of skid row

Also during 1955 3,125 men were provided with free articles of clothing. Regular visits are made to the sick and men in gaol.

On the rehabilitation side of its Christian service, the Mission grants interviews to an endless number of men with personal problems.

Assisting the Mission in providing medical services are skilled doctors such as Dr. A. C. Waldie, Dr. Fred Downer, Dr. E. Kidd and Dr. F. K. Berry.

Boys are given an opportunity to make a new start in life in

the youth residence purchase.

This is a home — not an institution — Mission officials stress.

It's a home where the boys live in a normal home atmosphere but retaining individual freedom.

## EARLY TREATMENT

While no certain cure for cancer has yet been discovered, intensive research is being conducted. The patient's best hope now is to have an early diagnosis and treatment if there are any symptoms of the disease.

### Higher Fuel Bills May Be In Store

VANCOUVER, (BUP) — Vancouverites may be in for higher fuel oil bills shortly.

A possible rise in the price of fuel oil in Vancouver is seen in the news that Standard Oil of California is boosting its price on the United States west coast. A Standard Oil spokesman in Vancouver says the increase might reach up the coast to Canada.

## Formation Of Valley Board Group Suggested

Possibility that the three major cities of the Okanagan may link together in a common valley board of trade association was advanced on Wednesday night at the quarterly meeting of the Associated Boards of Trade of the Southern Interior here.

At first, Kelowna Board of Trade was invited to join with the southern group. The board declined to do so, owing to friendly associations with the Okanagan-Mainline Association, extending over many years. But two officials of the Kelowna board, C. E. R. Bazett, president, and W. B. Hughes-Games, a past president, suggested the formation of a "valley board association."

This idea was not immediately adopted by the Southern group. Instead a motion forwarded by C. E. LePoidevin of the Osoyoos board was adopted. The recommendation states: "That the Southern Interior Associated Boards of Trade co-operate continuously in an effort to establish an association comprising the entire Okanagan area and adjacent areas as mutually agreeable."

The Kelowna Board of Trade officials had suggested that the secretary of the B.C. Chamber of Commerce set up a committee and outline the territory. The Southern group, however, favored doing it on the basis of mutual co-operation, particularly to make certain that none of the smaller community boards on the outskirts of the area are squeezed out.

If the change is made, it may take some time before both groups agreed. The main desire of the groups is to make certain that when the new organization is formed, it will be on solid ground from the start.

Other matters dealt with included the suggested airstrip at the international boundary; need of a valley postal truck; the proposed information bureau at Osoyoos; summer holiday extension.

In addition to his talk on the proposed amalgamation of boards, W. B. Hughes-Games gave the association a report on the work of the B.C. Chamber of Commerce, of which he is a director. Among the issues under study by this group are freight rate problems, particularly as they affect the Okanagan; the fact that community halls in some small settlements are sub-

ject to property taxation which places an undue burden on sponsoring groups.

He also urged for better representation from the Okanagan attending the annual meeting of the B.C. Chamber, which is held in April each year.

A. W. Gray, president of the Southern Association, described his attendance at a special session in Vancouver held recently in connection with the 70th anniversary of the formation of the Vancouver Board of Trade. He said that businessmen at the session forecast a further upswing in production, national and continental income.

Invitation of Oliver Board of Trade to hold the annual meeting of the Southern Interior Associated Boards of Trade in Oliver next January was accepted.

### Newly Formed Cub Pack To Exhibit At Fall Church Bazaar

First major activity of the newly formed Sixth Penticton Cub Pack, sponsored by the United Church, will take place on December 1 when the pack exhibits at the annual fall bazaar of the United Church.

The cub pack will be in charge of a vegetable bin at this bazaar and proceeds from the pack's display will be used to finance cub work.

Every Wednesday night the pack meets in the United Church hall and to date it has held three meetings.

Cubmaster is Mrs. S. Orr. Her assistants are Mrs. J. Lee and Mrs. Mary McKinnon.

Heading the group committee of the pack is chairman Jack Vass.

### CONSERVATIVE DRESS

One fashion observer says the successful business woman is the one who dresses conservatively. Janet Watson, vice president of the Graham Accounting and Statistical Corp., a firm which supplies temporary office help, says the women she has seen succeed are the ones who prefer suits, basic dresses, or blouse and skirt combinations from nine to five. Tight sweaters, never, Miss Watson added firmly.

## Okanagan Falls

The tiny daughter of Mr. and Mrs. Dennis Edge of Vancouver, was the principal of a christening ceremony held recently at the Okanagan Falls United Church when she received the names Teresa Lynn. Rev. S. Pike of Oliver officiated. Following the service, tea was served to the immediate relatives, at the home of the grandparents, Mr. and Mrs. William Edge.

Mr. and Mrs. W. Groat of Abbotsford were recent visitors at the home of their son and daughter in law, Mr. and Mrs. R. Groat.

Mr. and Mrs. Paul York of North Burnaby were guests last week of Mr. and Mrs. Tom Ramsey.

Mrs. F. Scott is home again after spending two weeks in the Penticton hospital, where she underwent surgery.

Lloyd Thomas, son of Mr. and Mrs. John Thomas, formerly employed in North Vancouver, is now working on the new bridge at Kelowna.

Mrs. W. Edge recently accompanied her son and daughter-in-law, Mr. and Mrs. Earl Edge of Sumnerland to Spokane, where they spent the weekend.

Mr. and Mrs. Dan Moriarty are the proud grandparents of a baby girl born to their son and daughter-in-law, Mr. and Mrs. Jimmy Moriarty, Penticton, on Monday, Nov. 19.

Ted Girou has left the Okanagan Falls to take up residence in Vancouver.

The Okanagan Falls Women's Institute held their regular meeting, followed by the annual meeting on Tuesday, Nov. 13, in the club rooms.

Business consisted of plans for the Senior Citizens and Bachelors Yule Tide dinner, which will be held on Dec. 18, and for the annual W.I. Christmas party set for Dec. 11.

Letters were read from the W.I. Superintendent, Mrs. Gummow, and from Frank Richter, MLA, regarding taxes on the Women's Institute Community hall.

A donation will be sent to the Christmas fund of the mental hospital. Members also agreed to look after the "March of Dimes" drive.

The annual meeting followed with election of officers. Mrs. I. Vader acted as chairman. Officers elected were: president, Mrs. E. Thomas; vice-president, Mrs. M. Webster; directors, Mrs. R. Lamb, Mrs. M. J. Hall and Mrs.

W. Newcombe; secretary-treasurer, Mrs. M. Phelps. Hostesses were Mrs. Thomas, Mrs. Lamb and Mrs. Newcombe.
